

Ciclo de vida da joaninha

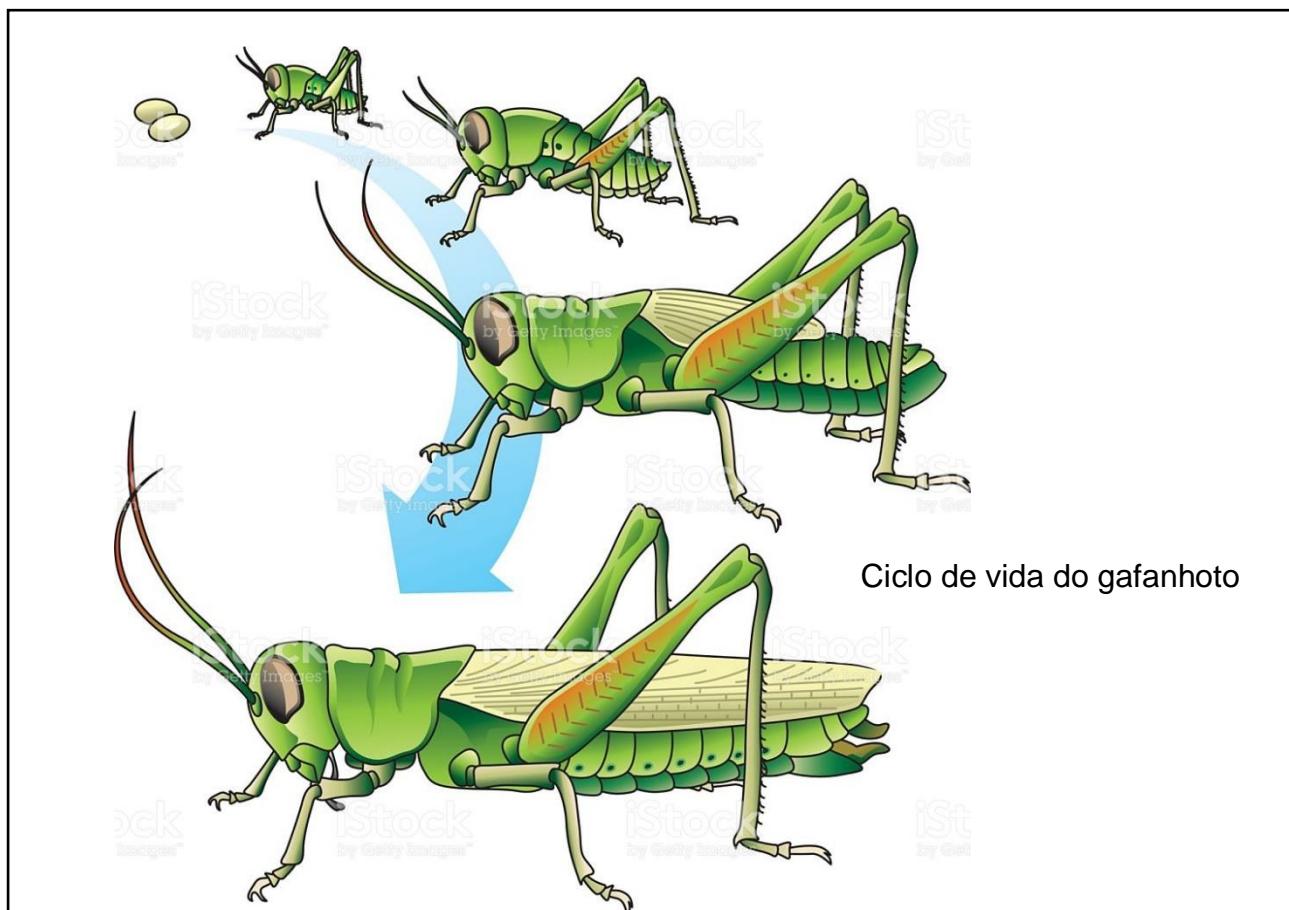

Ciclo de vida da barata

Ciclo de vida da borboleta

]

Ciclo de vida da Mosca

- 120 e 200 ovos
- Duração do ciclo: Duas semanas

The diagram shows the life cycle of a fly, labeled "Ciclo de vida". It includes illustrations of an adult fly, a pupa, and eggs, along with arrows indicating the progression through three larval stages: 1º estágio larval, 2º estágio larval, and 3º estágio larval.

Photographs on the right show a fly, its eggs, and a close-up of a fly larva (maggot) on a textured surface.
